

CENTERSTONE

Mobile Crisis Intervention Service (MCIS)

The Mobile Crisis Intervention Service provides timely and effective individual and family mental health intervention to anyone (age six and years of age) in crisis who lives in Manatee, and Desoto Counties. We assist agencies including law enforcement, schools and institutions by responding physically to locations or over the phone when a crisis is occurring to help de-escalate the situation.

365/24/7 call 941-720-5014*

Call Us When:

- Suicidal threats, thoughts or ideas of suicide surface.
- Psychotic symptoms, such as hallucinations, delusions, bizarre thinking or behaviors occur.
- There is marked deterioration in behavior at school, work or home that may be due to a mental health problem.
- Severe depression, especially when associated with marked changes in sleep, appetite or energy level occur.

Call 911 When:

- Someone is in the process of attempting to commit suicide or homicide.
- Someone is intoxicated or under the influence of drugs and is threatening to hurt others or themselves.
- Someone is engaged in current domestic violence.
- Medical emergency.

Call Centerstone When:

- Someone who is not in crisis, does not want behavioral health services, but requests social services such as food, bus tickets or housing. Call the Centerstone Call Center at 941-782-4150 for an appointment or referral.
